However, in the event the nurse defaults from the program, the Board may discipline the nurse for those acts which led to the nurse entering the program.
- I. The Executive Director of the Board shall suspend the license of a licensee who applied and entered the peer assistance program by choice without any order by the Board immediately upon notification that the licensee has defaulted from the peer assistance program, and shall assign a hearing date for the matter to be presented to the Board. A licensee who was directed to apply and enter the peer assistance program by an order of the Board and who does not enter or who defaults from the peer assistance program for any reason shall be disciplined as set forth in the order of the Board that directed the nurse to apply and enter the peer assistance program.
- J. Any person who enters the peer assistance programs voluntarily or otherwise shall be responsible for any and all costs associated with participation in the peer assistance program.
- K. A nurse may apply to participate in the peer assistance program by choice or may be directed to apply to the program by an order of the Board. In either case, conditions shall be placed on the nurse's license to practice nursing during the period of participation in the peer assistance program.
- L. With regards to the peer assistance program, unless the context otherwise requires:
 - 1. “Board” means the Oklahoma Board of Nursing;
 - 2. “Peer assistance committee” means the peer assistance evaluation advisory committee created in this section, which is appointed by the Oklahoma Board of Nursing to carry out specified duties; and
 - 3. “Default” means the licensee has failed to comply with the contract and/or amended contracts and/or treatment plans, as determined by the peer assistance committee, and/or has been terminated from the peer assistance program as defined in Board rules.

§ 567.18. Criminal history records and background checks

- A. The criminal background check shall include a criminal history records search conducted by the Oklahoma State Bureau of Investigation that is not more than ninety (90) days old.
- B. Contingent upon available resources by the Board, all criminal background checks effective January 1, 2013, are subject to the following:
 - 1. Submission of a full set of fingerprints to the Board for the purpose of permitting a state and federal criminal history records search pursuant to Section 150.9 of Title 74 of the Oklahoma Statutes and Public Law 92-544 that is not more than ninety (90) days old. The Oklahoma State Bureau of Investigation may exchange these fingerprints with the Federal Bureau of Investigation;
 - 2. The applicant shall furnish the Board fingerprints as established by Board rules and a money order or cashier's check made payable to the Oklahoma State Bureau of Investigation or the Board's designated vendor;
 - 3. The Board shall forward the fingerprints along with the applicable fee for a national fingerprint criminal history records search to the Bureau;
 - 4. The Bureau shall retain one set of fingerprints in the Automated Fingerprint Identification System and submit the other set to the FBI for a national criminal history records search;
 - 5. Any and all state and federal criminal history record information obtained by the Board from the Bureau or the FBI which is not already a matter of public record shall be deemed nonpublic. The confidential information shall be restricted to the exclusive use of the Board, its members, officers, investigators, agents, and attorneys in evaluating the applicant's eligibility or disqualification for licensure; and
 - 6. Fingerprint images may be rejected by the OSBI and the FBI for a variety of reasons, including, but not limited to, fingerprint quality or an inability by the OSBI or FBI to classify the fingerprints. These rejections require the applicant to be fingerprinted again. Applicants with fingerprints rejected for improper registration will be required to re-register, re-pay and be re-fingerprinted. Applicant is responsible for insuring and verifying that all data is correct in the fingerprinting process.
- C. The necessary steps to initiate the criminal background checks may be performed by the Board or its designated vendor.
- D. An individual applying for any type of multistate license shall submit to a criminal background check that complies with this section; provided, however, that if the individual has been continuously enrolled in the Federal Bureau of Investigation's Rap Back Service since issuance of the initial multistate license, the individual shall not be required to undergo another criminal history record search.

§ 567.19. Rescission and withdrawal of license

If a license is issued pursuant to this act to a person not entitled under this act to be licensed, the Executive Director may rescind or withdraw the license instantaneously, pending the final outcome of proceedings. In such cases, the Executive Director shall notify the licensee of such action by certified mail, return receipt requested, and shall include in such notice a provision that the licensee may request a hearing concerning the emergency action and opportunity to show that the license should be reinstated.

§ 567.20. Nursing education program for veterans

On or before December 31, 2015, the Oklahoma Board of Nursing shall develop program guidelines for Board-approved nursing education programs to utilize in transitioning veterans with prior military medical training and experience into nursing education programs. The process of transition shall include the provisions of Section 4100.3 of Title 59 of the Oklahoma Statutes.

§ 567.21. Nurse Licensure Compact

ARTICLE I

Findings and Declaration of Purpose

- a. The party states find that:
1. The health and safety of the public are affected by the degree of compliance with and the effectiveness of enforcement activities related to state nurse licensure laws;
 2. Violations of nurse licensure and other laws regulating the practice of nursing may result in injury or harm to the public;
 3. The expanded mobility of nurses and the use of advanced communication technologies as part of our nation's health care delivery system require greater coordination and cooperation among states in the areas of nurse licensure and regulation;
 4. New practice modalities and technology make compliance with individual state nurse licensure laws difficult and complex;
 5. The current system of duplicative licensure for nurses practicing in multiple states is cumbersome and redundant for both nurses and states; and
 6. Uniformity of nurse licensure requirements among the states promotes public safety and public health benefits.
- b. The general purposes of this Compact are to:
1. Facilitate the states' responsibility to protect the public's health and safety;
 2. Ensure and encourage the cooperation of party states in the areas of nurse licensure and regulation;
 3. Facilitate the exchange of information among party states in the areas of nurse regulation, investigation and adverse actions;
 4. Promote compliance with the laws governing the practice of nursing in each jurisdiction;
 5. Invest all party states with the authority to hold a nurse accountable for meeting all state practice laws in the state in which the patient is located at the time care is rendered through the mutual recognition of party-state licenses;
 6. Decrease redundancies in the consideration and issuance of nurse licenses; and
 7. Provide opportunities for interstate practice by nurses who meet uniform licensure requirements.

ARTICLE II

Definitions

As used in this Compact:

- a. "Adverse action" means any administrative, civil, equitable or criminal action permitted by a state's laws which is imposed by a licensing board or other authority against a nurse, including actions against an individual's license or multistate licensure privilege such as revocation, suspension, probation, monitoring of the licensee, limitation on the licensee's practice, or any other encumbrance on licensure affecting a nurse's authorization to practice, including issuance of a cease and desist action.
- b. "Alternative program" means a nondisciplinary monitoring program approved by a licensing board.
- c. "Coordinated licensure information system" means an integrated process for collecting, storing and sharing information on nurse licensure and enforcement activities related to nurse licensure laws that is administered by a nonprofit organization composed of and controlled by licensing boards.
- d. "Current significant investigative information" means:

1. Investigative information that a licensing board, after a preliminary inquiry that includes notification and an opportunity for the nurse to respond, if required by state law, has reason to believe is not groundless and, if proved true, would indicate more than a minor infraction; or
 2. Investigative information that indicates that the nurse represents an immediate threat to public health and safety regardless of whether the nurse has been notified and had an opportunity to respond.
- e. “Encumbrance” means a revocation or suspension of, or any limitation on the full and unrestricted practice of nursing imposed by a licensing board.
 - f. “Home state” means the party state which is the nurse's primary state of residence.
 - g. “Licensing board” means a party state's regulatory body responsible for issuing nurse licenses.
 - h. “Multistate license” means a license to practice as a registered or a licensed practical/vocational nurse (LPN/VN) issued by a home-state licensing board that authorizes the licensed nurse to practice in all party states under a multistate licensure privilege.
 - i. “Multistate licensure privilege” means a legal authorization associated with a multistate license permitting the practice of nursing as either a registered nurse (RN) or LPN/VN in a remote state.
 - j. “Nurse” means RN or LPN/VN, as those terms are defined by each party state's practice laws.
 - k. “Party state” means any state that has adopted this Compact.
 - l. “Remote state” means a party state, other than the home state.
 - m. “Single-state license” means a nurse license issued by a party state that authorizes practice only within the issuing state and does not include a multistate licensure privilege to practice in any other party state.
 - n. “State” means a state, territory or possession of the United States and the District of Columbia.
 - o. “State practice laws” means a party state's laws, rules and regulations that govern the practice of nursing, define the scope of nursing practice, and create the methods and grounds for imposing discipline. State practice laws do not include requirements necessary to obtain and retain a license, except for qualifications or requirements of the home state.

ARTICLE III

General Provisions and Jurisdiction

- a. A multistate license to practice registered or licensed practical/vocational nursing issued by a home state to a resident in that state will be recognized by each party state as authorizing a nurse to practice as a registered nurse (RN) or as a licensed practical/vocational nurse (LPN/VN), under a multistate licensure privilege, in each party state.
- b. A state must implement procedures for considering the criminal history records of applicants for initial multistate license or licensure by endorsement. Such procedures shall include the submission of fingerprints or other biometric-based information by applicants for the purpose of obtaining an applicant's criminal history record information from the Federal Bureau of Investigation and the agency responsible for retaining that state's criminal records.
- c. Each party state shall require the following for an applicant to obtain or retain a multistate license in the home state:
 1. Meets the home state's qualifications for licensure or renewal of licensure, as well as all other applicable state laws;

2.
 - i. Has graduated or is eligible to graduate from a licensing-board-approved RN or LPN/VN precicensure education program; or
 - ii. Has graduated from a foreign RN or LPN/VN precicensure education program that (a) has been approved by the authorized accrediting body in the applicable country and (b) has been verified by an independent credentials review agency to be comparable to a licensing-board-approved precicensure education program;
 3. Has, if a graduate of a foreign precicensure education program, not taught in English or if English is not the individual's native language, successfully passed an English proficiency examination that includes the components of reading, speaking, writing and listening;
 4. Has successfully passed an NCLEX-RN[®] or NCLEX-PN[®] Examination or recognized predecessor, as applicable;
 5. Is eligible for or holds an active, unencumbered license;
 6. Has submitted, in connection with an application for initial licensure or licensure by endorsement, fingerprints or other biometric data for the purpose of obtaining criminal history record information from the Federal Bureau of Investigation and the agency responsible for retaining that state's criminal records;
 7. Has not been convicted or found guilty, or has entered into an agreed disposition, of a felony offense under applicable state or federal criminal law;
 8. Has not been convicted or found guilty, or has entered into an agreed disposition, of a misdemeanor offense related to the practice of nursing as determined on a case-by-case basis;
 9. Is not currently enrolled in an alternative program;
 10. Is subject to self-disclosure requirements regarding current participation in an alternative program; and
 11. Has a valid United States Social Security number.
- d. All party states shall be authorized, in accordance with existing state due process law, to take adverse action against a nurse's multistate licensure privilege such as revocation, suspension, probation or any other action that affects a nurse's authorization to practice under a multistate licensure privilege, including cease and desist actions. If a party state takes such action, it shall promptly notify the administrator of the coordinated licensure information system. The administrator of the coordinated licensure information system shall promptly notify the home state of any such actions by remote states.
- e. A nurse practicing in a party state must comply with the state practice laws of the state in which the client is located at the time service is provided. The practice of nursing is not limited to patient care, but shall include all nursing practice as defined by the state practice laws of the party state in which the client is located. The practice of nursing in a party state under a, multistate licensure privilege will subject a nurse to the jurisdiction of the licensing board, the courts and the laws of the party state in which the client is located at the time service is provided.
- f. Individuals not residing in a party state shall continue to be able to apply for a party state's single-state license as provided under the laws of each party state. However, the single-state license granted to these individuals will not be recognized as granting the privilege to practice nursing in any other party state. Nothing in this Compact shall affect the requirements established by a party state for the issuance of a single-state license.
- g. Any nurse holding a home-state multistate license on the effective date of this Compact may retain and renew the multistate license issued by the nurse's then-current home state, provided that:
1. A nurse, who changes primary state of residence after this Compact's effective date, must meet all applicable Article III.c. requirements to obtain a multistate license from a new home state.
 2. A nurse who fails to satisfy the multistate licensure requirements in Article III.c. due to a disqualifying event occurring after this Compact's effective date shall be ineligible to retain or renew a multistate license, and the nurse's multistate license shall be revoked or deactivated in accordance with applicable rules adopted by the Interstate Commission of Nurse Licensure Compact Administrators (Commission).

ARTICLE IV

Applications for Licensure in a Party State

- a. Upon application for a multistate license, the licensing board in the issuing party state shall ascertain, through the coordinated licensure information system, whether the applicant has ever held, or is the holder of, a license issued by any other state, whether there are any encumbrances on any license or multistate licensure privilege held by the applicant, whether any adverse action has been taken against any license or multistate licensure privilege held by the applicant and whether the applicant is currently participating in an alternative program.
- b. A nurse may hold a multistate license, issued by the home state, in only one party state at a time.
- c. If a nurse changes primary state of residence by moving between two party states, the nurse must apply for licensure in the new home state, and the multistate license issued by the prior home state will be deactivated in accordance with applicable rules adopted by the Commission.
 1. The nurse may apply for licensure in advance of a change in primary state of residence.
 2. A multistate license shall not be issued by the new home state until the nurse provides satisfactory evidence of a change in primary state of residence to the new home state and satisfies all applicable requirements to obtain a multistate license from the new home state.
- d. If a nurse changes primary state of residence by moving from a party state to a nonparty state, the multistate license issued by the prior home state will convert to a single-state license, valid only in the former home state.

ARTICLE V

Additional Authorities Invested in Party-state Licensing Boards

- a. In addition to the other powers conferred by state law, a licensing board shall have the authority to:
 1. Take adverse action against a nurse's multistate licensure privilege to practice within that party state.
 - i. Only the home state shall have the power to take adverse action against a nurse's license issued by the home state.
 - ii. For purposes of taking adverse action, the home-state licensing board shall give the same priority and effect to reported conduct received from a remote state as it would if such conduct had occurred within the home state. In so doing, the home state shall apply its own state laws to determine appropriate action;
 2. Issue cease and desist orders or impose an encumbrance on a nurse's authority to practice within that party state;
 3. Complete any pending investigations of a nurse who changes primary state of residence during the course of such investigations. The licensing board shall also have the authority to take appropriate action(s) and shall promptly report the conclusions of such investigations to the administrator of the coordinated licensure information system. The administrator of the coordinated licensure information system shall promptly notify the new home state of any such actions;
 4. Issue subpoenas for both hearings and investigations that require the attendance and testimony of witnesses, as well as the production of evidence. Subpoenas issued by a licensing board in a party state for the attendance and testimony of witnesses or the production of evidence from another party state shall be enforced in the latter state by any court of competent jurisdiction, according to the practice and procedure of that court applicable to subpoenas issued in proceedings pending before it. The issuing authority shall pay any witness fees, travel expenses, mileage and other fees required by the service statutes of the state in which the witnesses or evidence are located;
 5. Obtain and submit, for each nurse licensure applicant, fingerprint or other biometric-based information to the Federal Bureau of Investigation for criminal background checks, receive the results of the Federal Bureau of Investigation record search on criminal background checks and use the results in making licensure decisions;

6. If otherwise permitted by state law, recover from the affected nurse the costs of investigations and disposition of cases resulting from any adverse action taken against that nurse; and
 7. Take adverse action based on the factual findings of the remote state, provided that the licensing board follows its own procedures for taking such adverse action.
- b. If adverse action is taken by the home state against a nurse's multistate license, the nurse's multistate licensure privilege to practice in all other party states shall be deactivated until all encumbrances have been removed from the multistate license. All home-state disciplinary orders that impose adverse action against a nurse's multistate license shall include a statement that the nurse's multistate licensure privilege is deactivated in all party states during the pendency of the order.
 - c. Nothing in this Compact shall override a party state's decision that participation in an alternative program may be used in lieu of adverse action. The home-state licensing board shall deactivate the multistate licensure privilege under the multistate license of any nurse for the duration of the nurse's participation in an alternative program.

ARTICLE VI

Coordinated Licensure Information System and Exchange of Information

- a. All party states shall participate in a coordinated licensure information system of all licensed registered nurses (RNs) and licensed practical/vocational nurses (LPNs/VNs). This system will include information on the licensure and disciplinary history of each nurse, as submitted by party states, to assist in the coordination of nurse licensure and enforcement efforts.
- b. The Commission, in consultation with the administrator of the coordinated licensure information system, shall formulate necessary and proper procedures for the identification, collection and exchange of information under this Compact.
- c. All licensing boards shall promptly report to the coordinated licensure information system any adverse action, any current significant investigative information, denials of applications (with the reasons for such denials) and nurse participation in alternative programs known to the licensing board regardless of whether such participation is deemed nonpublic or confidential under state law.
- d. Current significant investigative information and participation in nonpublic or confidential alternative programs shall be transmitted through the coordinated licensure information system only to party-state licensing boards.
- e. Notwithstanding any other provision of law, all party-state licensing boards contributing information to the coordinated licensure information system may designate information that may not be shared with nonparty states or disclosed to other entities or individuals without the express permission of the contributing state.
- f. Any personally identifiable information obtained from the coordinated licensure information system by a party-state licensing board shall not be shared with nonparty states or disclosed to other entities or individuals except to the extent permitted by the laws of the party state contributing the information.
- g. Any information contributed to the coordinated licensure information system that is subsequently required to be expunged by the laws of the party state contributing that information shall also be expunged from the coordinated licensure information system.
- h. The Compact administrator of each party state shall furnish a uniform data set to the Compact administrator of each other party state, which shall include, at a minimum:
 1. Identifying information;
 2. Licensure data;
 3. Information related to alternative program participation; and
 4. Other information that may facilitate the administration of this Compact, as determined by Commission rules.
- i. The Compact administrator of a party state shall provide all investigative documents and information requested by another party state.

ARTICLE VII

Establishment of the Interstate Commission of Nurse Licensure Compact Administrators

- a. The party states hereby create and establish a joint public entity known as the Interstate Commission of Nurse Licensure Compact Administrators.
 1. The Commission is an instrumentality of the party states.
 2. Venue is proper, and judicial proceedings by or against the Commission shall be brought solely and exclusively in a court of competent jurisdiction where the principal office of the Commission is located. The Commission may waive venue and jurisdictional defenses to the extent it adopts or consents to participate in alternative dispute resolution proceedings.
 3. Nothing in this Compact shall be construed to be a waiver of sovereign immunity.
- b. Membership, Voting and Meetings
 1. Each party state shall have and be limited to one administrator. The head of the state licensing board or designee shall be the administrator of this Compact for each party state. Any administrator may be removed or suspended from office as provided by the laws of the state from which the administrator is appointed. Any vacancy occurring in the Commission shall be filled in accordance with the laws of the party state in which the vacancy exists.
 2. Each administrator shall be entitled to one (1) vote with regard to the promulgation of rules and creation of bylaws and shall otherwise have an opportunity to participate in the business and affairs of the Commission. An administrator shall vote in person or by such other means as provided in the bylaws. The bylaws may provide for an administrator's participation in meetings by telephone or other means of communication.
 3. The Commission shall meet at least once during each calendar year. Additional meetings shall be held as set forth in the bylaws or rules of the Commission.
 4. All meetings shall be open to the public, and public notice of meetings shall be given in the same manner as required under the rulemaking provisions in Article VIII of this Compact.
 5. The Commission may convene in a closed, nonpublic meeting if the Commission must discuss:

The Commission shall keep minutes that fully and clearly describe all matters discussed in a meeting and shall provide a full and accurate summary of actions taken, and the reasons therefor, including a description of the views expressed. All documents considered in connection with an action shall be identified in such minutes. All minutes and documents of a closed meeting shall remain under seal, subject to release by a majority vote of the Commission or order of a court of competent jurisdiction.

 - i. For the establishment and meetings of other committees; and
 - ii. Governing any general or specific delegation of any authority or function of the Commission;
 - 3. Providing reasonable procedures for calling and conducting meetings of the Commission, ensuring reasonable advance notice of all meetings and providing an opportunity for attendance of such meetings by interested parties, with enumerated exceptions designed to protect the public's interest, the privacy of individuals, and proprietary information, including trade secrets. The Commission may meet in closed session only after a majority of the administrators vote to close a meeting in whole or in part. As soon as practicable, the Commission must make public a copy of the vote to close the meeting revealing the vote of each administrator, with no proxy votes allowed;
 - 4. Establishing the titles, duties and authority and reasonable procedures for the election of the officers of the Commission;

Notwithstanding any civil service or other similar laws of any party state, the bylaws shall exclusively govern the personnel policies and programs of the Commission; and
 - 6. Providing a mechanism for winding up the operations of the Commission and the equitable disposition of any surplus funds that may exist after the termination of this Compact after the payment or reserving of all of its debts and obligations.

- d. The Commission shall publish its bylaws and rules, and any amendments thereto, in a convenient form on the website of the Commission.

- e. The Commission shall maintain its financial records in accordance with the bylaws.

- f. The Commission shall meet and take such actions as are consistent with the provisions of this Compact and the bylaws.

h. Financing of the Commission

1. The Commission shall pay, or provide for the payment of, the reasonable expenses of its establishment, organization and ongoing activities.
2. The Commission may also levy on and collect an annual assessment from each party state to cover the cost of its operations, activities and staff in its annual budget as approved each year. However, all receipts and disbursements of funds handled by the Commission shall be audited yearly by a certified or licensed public accountant, and the report of the audit shall be included in and become part of the annual report of the Commission.

i. Qualified Immunity, Defense and Indemnification

1. The administrators, officers, executive director, employees and representatives of the Commission shall be immune from suit and liability, either personally or in their official capacity, for any claim for damage to or loss of property or personal injury or other civil liability caused by or arising out of any actual or alleged act, error or omission that occurred, or that the person against whom the claim is made had a reasonable basis for believing occurred, within the scope of Commission employment, duties or responsibilities; provided, that nothing in this paragraph shall be construed to protect any such person from suit or liability for any damage, loss, injury or liability caused by the intentional, willful or wanton misconduct of that person.
2. The Commission shall defend any administrator, officer, executive director, employee or representative of the Commission in any civil action seeking to impose liability arising out of any actual or alleged act, error or omission that occurred within the scope of Commission employment, duties or responsibilities, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of Commission employment, duties or responsibilities, provided that the actual or alleged act, error or omission did not result from that person's intentional, willful or wanton misconduct; and provided further, that nothing herein shall be construed to prohibit that person from retaining his or her own counsel.
3. The Commission shall indemnify and hold harmless any administrator, officer, executive director, employee or representative of the Commission for the amount of any settlement or judgment obtained against that person arising out of any actual or alleged act, error or omission that occurred within the scope of Commission employment, duties or responsibilities, or that such person had a reasonable basis for believing occurred within the scope of Commission employment, duties or responsibilities, provided that the actual or alleged act, error or omission did not result from the intentional, willful or wanton misconduct of that person.

ARTICLE VIII

Rules and amendments shall become binding as of the date specified in each rule or amendment and shall have the same force and effect as provisions of this Compact.
- b. Rules or amendments to the rules shall be adopted at a regular or special meeting of the Commission.
- c. Prior to promulgation and adoption of a final rule or rules by the Commission, and at least sixty (60) days in advance of the meeting at which the rule will be considered and voted upon, the Commission shall file a notice of proposed rulemaking:

 2. On the website of each licensing board or the publication in which each state would otherwise publish proposed rules.

- h. If no one appears at the public hearing, the Commission may proceed with promulgation of the proposed rule.
- i. Following the scheduled hearing date, or by the close of business on the scheduled hearing date if the hearing was not held, the Commission shall consider all written and oral comments received.
- j. The Commission shall, by majority vote of all administrators, take final action on the proposed rule and shall determine the effective date of the rule, if any, based on the rulemaking record and the full text of the rule.

If the revision is challenged, the revision may not take effect without the approval of the Commission.

ARTICLE IX

Oversight, Dispute Resolution and Enforcement

- a. Oversight
 1. Each party state shall enforce this Compact and take all actions necessary and appropriate to effectuate this Compact's purposes and intent.
 2. The Commission shall be entitled to receive service of process in any proceeding that may affect the powers, responsibilities or actions of the Commission, and shall have standing to intervene in such a proceeding for all purposes. Failure to provide service of process in such proceeding to the Commission shall render a judgment or order void as to the Commission, this Compact or promulgated rules.
- b. Default, Technical Assistance and Termination
 1. If the Commission determines that a party state has defaulted in the performance of its obligations or responsibilities under this Compact or the promulgated rules, the Commission shall:
 - i. Provide written notice to the defaulting state and other party states of the nature of the default, the proposed means of curing the default or any other action to be taken by the Commission; and
 - ii. Provide remedial training and specific technical assistance regarding the default.
 2. If a state in default fails to cure the default, the defaulting state's membership in this Compact may be terminated upon an affirmative vote of a majority of the administrators, and all rights, privileges and benefits conferred by this Compact may be terminated on the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of default.
 3. Termination of membership in this Compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the Commission to the governor of the defaulting state and to the executive officer of the defaulting state's licensing board and each of the party states.
 4. A state whose membership in this Compact has been terminated is responsible for all assessments, obligations and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination.
 5. The Commission shall not bear any costs related to a state that is found to be in default or whose membership in this Compact has been terminated unless agreed upon in writing between the Commission and the defaulting state.
 6. The defaulting state may appeal the action of the Commission by petitioning the U.S. District Court for the District of Columbia or the federal district in which the Commission has its principal offices. The prevailing party shall be awarded all costs of such litigation, including reasonable attorney fees.
- c. Dispute Resolution
 1. Upon request by a party state, the Commission shall attempt to resolve disputes related to the Compact that arise among party states and between party and nonparty states.

2. The Commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes, as appropriate.
 3. In the event the Commission cannot resolve disputes among party states arising under this Compact:
 - i. The party states may submit the issues in dispute to an arbitration panel, which will be comprised of individuals appointed by the Compact administrator in each of the affected party states and an individual mutually agreed upon by the Compact administrators of all the party states involved in the dispute.
 - ii. The decision of a majority of the arbitrators shall be final and binding.
- d. Enforcement
1. The Commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of this Compact.
 2. By majority vote, the Commission may initiate legal action in the U.S. District Court for the District of Columbia or the federal district in which the Commission has its principal offices against a party state that is in default to enforce compliance with the provisions of this Compact and its promulgated rules and bylaws. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing party shall be awarded all costs of such litigation, including reasonable attorney fees.
 3. The remedies herein shall not be the exclusive remedies of the Commission. The Commission may pursue any other remedies available under federal or state law.

ARTICLE X

Effective Date, Withdrawal and Amendment

- a. This Compact shall become effective and binding on the earlier of the date of legislative enactment of this Compact into law by no less than twenty-six (26) states or December 31, 2018. All party states to this Compact that also were parties to the prior Nurse Licensure Compact superseded by this Compact (Prior Compact) shall be deemed to have withdrawn from said Prior Compact within six (6) months after the effective date of this Compact.
- b. Each party state to this Compact shall continue to recognize a nurse's multistate licensure privilege to practice in that party state issued under the Prior Compact until such party state has withdrawn from the Prior Compact.
- c. Any party state may withdraw from this Compact by enacting a statute repealing the same. A party state's withdrawal shall not take effect until six (6) months after enactment of the repealing statute.
- d. A party state's withdrawal or termination shall not affect the continuing requirement of the withdrawing or terminated state's licensing board to report adverse actions and significant investigations occurring prior to the effective date of such withdrawal or termination.
- e. Nothing contained in this Compact shall be construed to invalidate or prevent any nurse licensure agreement or other cooperative arrangement between a party state and a nonparty state that is made in accordance with the other provisions of this Compact.
- f. This Compact may be amended by the party states. No amendment to this Compact shall become effective and binding upon the party states unless and until it is enacted into the laws of all party states.
- g. Representatives of nonparty states to this Compact shall be invited to participate in the activities of the Commission, on a nonvoting basis, prior to the adoption of this Compact by all states.

ARTICLE XI

Construction and Severability

This Compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this Compact shall be severable, and if any phrase, clause, sentence or provision of this Compact is declared to be contrary to the constitution of any party state or of the United States, or if the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this Compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby.
