- 6.4 Review and Board decision on proposed emergency revisions to the *Rules of the Oklahoma Board of Nursing* OAC Title 485. Oklahoma Board of Nursing, Chapter 10. Licensure of Practical and Registered Nurses, Subchapter 6. Minimum Standards for APRN education programs. OAC 485:10-6-2(4)(D) [AMENDED]

J. Ward presented the proposed emergency revisions to the *Rules of the Oklahoma Board of Nursing* OAC Title 485. Oklahoma Board of Nursing, Chapter 10. Licensure of Practical and Registered Nurses, Subchapter 6. Minimum Standards for APRN education programs, specifically OAC 485:10-6-2(4)(D). The proposed revisions are needed to avoid serious prejudice to the public interest as the agency moves to comply with deadlines in amendments to the agency's governing law to set requirements for approval of advanced practice registered nursing education programs, approve such programs as meet the requirements, and identify the process for determining program compliance with standards pursuant to 59 O.S. 567.12a, for which rules must be in place by the effective date of January 1, 2016. The affected advanced practice nursing education programs would otherwise be unable to retain a number of their current staff which could include APRN program administrator, APRN lead faculty and or faculty member(s) absent the revised language being in place by the effective date.

It was moved (L. Korvick) and seconded for the Board to find there is substantial evidence that the revisions are necessary as an emergency measure and for Board staff to move forward with the emergency rules proposed in OAC Title 485. Oklahoma Board of Nursing, Chapter 10. Licensure of Practical and Registered Nurses, Subchapter 6. Minimum Standards for APRN education programs. OAC 485:10-6-2(4)(D) (attachment #9) in order to comply with deadlines in amendments to the agency's governing law, to avoid serious prejudice to the public interest, and in the interest of protecting the public health, safety and welfare.
