 - (iii) Other

Michelle Wiens, Nurse Investigator, was introduced to the Board.

The Licensing Analyst position was added to the organization chart in the consent agenda, and is a professional position needed to develop and implement the Federal criminal background checks.

G. McNish will be retiring in December of 2012 and the agency will begin the process to replace her position, beginning with an internal posting.

Information was included in the Board onsite packets to share feedback from nursing leadership students who attended disciplinary hearings as observers at a previous Board meeting.

The Information Technology consolidation project was implemented on January 13th and the agency completed conversion into the CORE system for time and leave December 1st. There are some issues with the file transfer process between OK.Gov and AS/400, but the network management area has been uneventful and smooth. Issues and differences related to the cost benefit analysis as presented by Mr. Petit to the Board previously were discussed. D. Edminsten, G. McNish, and K. Glazier have spent an enormous amount of time on the conversion projects.

A Board reference tool for education course summary information and disciplinary actions was included in the onsite packets due to revisions in the Nursing Ethics course content to address social networking and increase the contact hours to eight (8).

A media entity has made an inquiry regarding Bacone College being placed on conditional approval status with a focus survey visit requirement.

The Dashboard tool with quarterly agency statistical information was reviewed with the Board (attachment #15).

Legislation which may impact the agency was reviewed and discussed. J. Ward reported to the Board that she has received one response related to the letters from the Board President sent to legislators regarding the Executive Director's salary and the Board's desire to remove the salary from statute. HB2266 was reviewed as it relates to issues with county health departments and standing practice guidelines and vaccination protocols. In addition, the Oklahoma State Board of medical Licensure and Supervision in proposing revisions in their Rules to address issues related to immunizations.

No members of the public appeared to speak during the Public Hearings nor were written materials submitted for consideration related to the proposed Rules revisions.

K. Glazier and G. McNish were present to address questions of the Board and to identify minor revisions, specifically: addition of the words “post-secondary” to clarify the type of nursing education programs that are acceptable as it pertains to foreign-educated endorsement applicants; correction to the number of required academic semester credit hours from seven (7) to six (6) with regard to verification of continued qualification for APRN endorsement applicants for consistency with revisions made in other rule sections; addition of the words “initial” before the word licensure, and added the words “or licensure by endorsement” after the word licensure in sections to ensure clarity that the graduate degree requirement for APRN applicants which becomes effective January 16, 2016, does not impact individuals already licensed as APRNs in the state of Oklahoma prior to that effective date; and addition of the words “acute and/or primary” to the description of pediatric care provided by CNPs designated as acute and/or primary caregivers.

The suggested revisions were of a minor nature, made for clarity or consistency with other rules, and did not alter the intent of the proposed rules, therefore it was moved (C. Loomis) and seconded to adopt the proposed revisions as presented and discussed to OAC Title 485, Chapter 10 (attachment #18). Board staff were directed to move forward with the Rulemaking process and submit for gubernatorial and legislative approval.
