5.1 Office Update - Verbal report requiring no Board action

(a) President's Report (no items)

(b) Executive Director's Report

(i) Update on Statement of Work received from the National Council of State Boards of Nursing related to discipline

(ii) Legislation Update

(iii) Other

The National Council of State Boards of Nursing (NCSBN) response is still pending regarding the agency's issues with the Statement of Work and efforts to obtain services from NCSBN related to discipline data in the Nursys® database.

Board members were updated on pending legislation which may impact the agency.

The Dashboard for review of the agency's third quarter statistical information was presented to the Board for review and discussion. The Investigative Division has experienced higher number of cases reported, thus the indicators for some areas in that department are over target. The increase in the number of days to close investigative cases was affected due to the cancellation of discipline hearings in January 2010 during inclement weather. Those cases were continued to March and therefore skewed outcomes tied to later closure of those cases.

The FY 2009 Centennial Edition Annual Report was distributed in Board member onsite packets.

Procurement of additional space to allow for office expansion is pending.

K. Glazier gave a report regarding the outcome for cross-referencing licensees to the Oklahoma sex offenders registry.

A progress report was given on the discipline data files received from the federal discipline data banks (Health Resources and Services Administration, US Department of Health and Human Services).

K. Glazier informed the Board that the agency was one of the 17 agencies named in Jerry Fent's petition before the Supreme Court for Writ of Mandamus and Temporary Stay prohibiting the transfer of 10% to the State General Revenue Fund or if submitted, not allowing the money to be spent until final determination of the proceeding. The agency is being represented by the Attorney General's office.
