The applicant must include a postage-paid (\$1.06 postage cost) 8 ½ x 11 inch return envelope for Board staff to return an application.

Effective **January 19, 2018**, an applicant for licensure as a Registered Nurse or Licensed Practical Nurse who meets certain requirements is eligible to apply for multistate licensure. Once the Board grants the multistate license, the nurse can then engage in nursing practice in any of the Enhanced Nurse Licensure Compact states without having to obtain additional licenses. A list of states participating in the Enhanced Nurse Licensure Compact is available at <https://www.ncsbn.org/enhanced-nlc-implementation.htm>.

Do not submit this application unless you declare Oklahoma as your primary state of residence; otherwise, Board staff will not proceed with review of your application.

Not all applicants will be eligible for a multistate license. In order to be eligible, the applicant must submit an application, pay a fee, submit fingerprints for a federal criminal background check, and meet the requirements listed in the following section.

Your application for a multistate license will be reviewed to determine if you meet the criteria for issuance of a multistate license. If you **do not meet** the criteria for a multistate license but you **do meet** the criteria for a single-state license, this application can be converted to an application for a single-state Oklahoma license, if you check the “YES” box in the application. Please note that if you do not meet the criteria for a multistate license and you check the “NO” box, indicating you do not want your application converted to a single-state Oklahoma license, **your application fee will not be refunded.**

Review of criminal charges, disciplinary action, judicial declaration of incompetence, or alternative program: Effective January 1, 2013, state law (59 O.S. § 567.18.B.) requires each applicant for licensure to have a fingerprint-based background check submitted no more than ninety (90) days before submission of the application for licensure. The background check consists of fingerprint-based searches of the Oklahoma State Bureau of Investigation (OSBI) and Federal Bureau of Investigation (FBI) Criminal History Record Information databases and name index searches of computerized databases containing criminal history records. Please see the “Instructions” section for further information on obtaining a fingerprint-based background check.

In addition to the background check, applicants for licensure who have ever been summoned, arrested, taken into custody, indicted, convicted or tried for, or charged with, or pleaded guilty to, the violation of any law or ordinance or the commission of any misdemeanor or felony, or requested to appear before any prosecuting attorney or investigative agency in any matter; or have ever had disciplinary action taken against a nursing license, certification or registration, any professional or occupational license, registration, or certification and/or any application for a nursing or professional or occupational license, registration, or certification or if there is currently any investigation of your nursing license, registration, or certification; and/or any professional or occupational license, registration, or certification; and/or any application for a nursing and/or professional or occupational license, registration, or certification in any state, territory or country, or have ever been judicially declared incompetent; or are currently participating in an alternative to discipline program in any state, territory, or country are required to notify the Oklahoma Board of Nursing in writing. A “report in writing” means that the applicant/licensee provides a signed and dated description stating in his/her own words the date, location, and circumstances of the incident, and if applicable, the resulting action taken by the court, agency, or disciplinary board. The report may be in the form of a letter or a statement in the provided space on the application. The report must be accompanied by certified court records or a board order. A verbal report does not constitute a “report in writing”. A written report not accompanied by a full set of certified court records or the board order(s) does not constitute a “report in writing”. Failure to report such action is a violation of the *Oklahoma Nursing Practice Act*.

An applicant for an initial license to practice as a Registered Nurse or Licensed Practical Nurse must submit to the Oklahoma Board of Nursing “certified written evidence that the applicant has never been convicted in this state, the United States or another state of any felony, unless five (5) years have elapsed since the date of the criminal conviction or the termination of any probation or other requirements imposed on the applicant by the sentencing court, whichever shall last occur, or a presidential or gubernatorial pardon for the criminal offense has been received” [59 O.S. § 567.5]. **Therefore, applicants for licensure in Oklahoma with one or more felony convictions cannot apply for licensure for at least five years after completion of all sentencing terms, including probation and suspended sentences, unless a presidential or gubernatorial pardon is received.** **NOTE: An applicant for licensure in Oklahoma who has been convicted or found guilty, or entered into an agreed disposition, of a felony offense is not eligible for a multistate license.**

Special instructions for military spouses: If you are relocating to this state pursuant to your spouse’s official military orders and you have not worked 520 or more hours in a licensed position in a state in which you were actively licensed within the past five years, state law [O.S. 59 § 567.11.8] allows you to practice nursing **only in the state of Oklahoma** for one hundred twenty days (120) after submission of an application and fees for licensure to the Board, provided that you:

A temporary license will not be issued if the application is complete.

9. **Name Change:** If you currently hold a license in another state that is not in your current name, submit a copy of a legal document indicating the change of name (such as a copy of a marriage license, divorce decree, or court order).
10. **Interstate Verification:** Verification of licensure status, completion of a board-approved nursing program, degree received and date of conferral, and completion of the licensure examination from your original state of licensure are required. - If your original state of licensure is not listed on the Nursys site, you must contact your original state directly.
 - If your state does not fully verify your nursing education, the Board will request that an official transcript be submitted to this office directly from the nursing program.

Each employer providing verification must complete and submit a separate *Form*.

- **Please note that this *Form* must be completed and signed by an administrator/supervisor at the place of employment, or by an authorized individual in the Human Resources Department and submitted directly to the Board.**

If you have not practiced as a licensed nurse for at least 520 hours in the last five years prior to applying for licensure by endorsement, an official transcript or certificate of completion for a refresher course approved by the Oklahoma Board of Nursing or an official transcript documenting hours earned in a board-approved nursing education program must be sent directly to this Board from the program. A list of Board-approved refresher courses is available on the Board's website: <http://nursing.ok.gov/nrefresher.pdf>.

If you have not worked, completed a board-approved refresher course, or completed hours in a nursing education program, please note on the application for licensure by endorsement that you wish to re-take the NCLEX examination to establish continuing qualifications for practice. Board staff will then assist you with registration for the NCLEX examination.

If you took the NCLEX within the last two years, your state of original licensure must provide evidence that you graduated from your nursing education program within the two years prior to taking the NCLEX. Otherwise, you must provide evidence of at least six months of work experience as a licensed nurse in the state, US territory or country of licensure at the level of licensure for which you are applying, or evidence of successful completion of a Board-approved refresher course in accordance with the Board's policy or nursing didactic coursework and faculty-supervised clinical experience in a board-approved nursing education program at the appropriate educational level, to include at least 80 hours in classroom and skills laboratory review and at least 80 hours participating in patient care activities in the clinical setting.

GENERAL INFORMATION

The *Oklahoma Nursing Practice Act* requires you to obtain a dated Oklahoma temporary license or valid Oklahoma license **prior** to employment in nursing in Oklahoma. This requirement does not apply to nurses practicing in certain federal facilities (contact the federal facility regarding its requirements for licensure.)

You must obtain a temporary/permanent license before orienting or working in a position requiring a nursing license.

Issuance of a temporary license does not guarantee you will qualify for permanent licensure in Oklahoma.

All applications are reviewed in the order in which they are received. You may view average processing times of a completed application on the Board's website in the Agency Data / Statistics / Quarterly Statistics link. Repeated telephone calls to check on the status of your application will delay, rather than facilitate, the processing of your application. If further review is required, the processing time may be lengthened.

Once licensed, the License Verification link on the Board's website will be the first place your new license will be noted.

Registered Nurse licenses expire the last day of the licensee's birth month in even-numbered years, and Licensed Practical Nurse licenses expire the last day of the licensee's birth month in odd-numbered years following the date of issuance. The application fee includes the processing of your application and licensure through the current renewal period. **Fees are not pro-rated and are non-refundable.**

If you are an Advanced Practice Registered Nurse (Certified Nurse Practitioner-CNP; Clinical Nurse Specialist-CNS; Certified Nurse Midwife-CNM; or Certified Registered Nurse Anesthetist-CRNA), **you may not practice in Oklahoma as an Advanced Practice Registered Nurse until you have a current Oklahoma license to practice as an Advanced Practice Registered Nurse.** To obtain an application for licensure as an Advanced Practice Registered Nurse you may access the Board website: www.nursing.ok.gov, and click on "License Registration".

In accordance with Oklahoma law (59 O.S. § 567.7.E), the Executive Director shall suspend the license or certificate of a person who submits a check, money draft, or similar instrument for payment of a fee which is not honored by the financial institution named. The suspension becomes effective ten (10) days following delivery by certified mail of written notice of the dishonor and the impending suspension to the person's address on file. Upon notification of suspension, the person may reinstate the authorization to practice upon payment of the fees and any and all costs associated with notice and collection. The suspension shall be exempt from the Administrative Procedures Act.
