## RENEW YOUR LICENSE ONLINE!

*Are you one day away from your licensure expiration date?*

*Would you like to get your renewal done quickly, easily and worry-free?*

The Oklahoma Board of Nursing has made it quick and easy to renew your license online. Simply go to <http://www.youroklahoma.com/nursing/renewal> and renew your license online within minutes!

All you need is your current license number, a MasterCard, Visa or checking account and your personal identification number (PIN) which is located on your renewal form. If you don't have your PIN number, you may submit an online request and have your confidential PIN number sent directly to your email address.

Approximately 2 business days following completion of your online renewal, you may verify your license renewal status on our website at <http://www.youroklahoma.com/nursing/verify>.

"It's easy to use, if not easier than most applications available," said Janet Lewis, RN, who renewed her license online in May 2002. Janet was pleased with the response time and said she received her new license within two weeks.

While Janet is an experienced computer user, the system was designed to be used by anyone, even those of us who may not be frequent computer users. There are easy to use instructions and prompts to guide you through the renewal process. After completing the online renewal application, you may print written verification of completion of the online renewal process.

Over 2,000 registered nurses have renewed their licenses online since February 2002. LPN's can now renew online, too.

You may renew online beginning 90 days immediately preceding the expiration date of your current license and through midnight of the day of your licensure expiration date.

In addition to licensure renewal and licensure verification online services, you may also change your address online at anytime, by selecting the address change option on our homepage.

"Nurses can benefit a great deal by using the Internet to instantly renew their licenses," said Kim Glazier, Executive Director. "With this system, licensees can take care of their renewal transactions in the manner that best meets their needs, rather than having to conform to regular business hours or spend time filling out and mailing in paperwork. We've had numerous requests for this service, particularly from nurses who live and work outside of Oklahoma City, so we made creating this service a priority."

### Top Ten Reasons to Renew Online

1. It's easy.
2. It's fast.
3. You can renew online anytime!
4. You aren't required to have a notice in hand.
5. You can renew from anyplace in the world with an internet connection!
6. No stamps? No worries!
7. Quick response time.
8. You can renew up until midnight of the day before your license expires.
9. You don't have to drive to OKC on the last day of the renewal period!
10. Your boss can verify you licensure renewal online in 2 business days!

# PRESIDENT’S MESSAGE

<i>Orientation to Oklahoma Board of Nursing</i>	<b>22</b>

There are approximately 48,000 active Registered Nurses, Licensed Practical Nurses or Advanced Practice Nurses in Oklahoma. The state agency that is authorized to regulate the practice of nurses in Oklahoma as well as issue discipline to a licensee when a violation of the Practice Act has occurred is the Oklahoma Board of Nursing.

The Board of Nursing is comprised of the Executive Director and 20 competent staff members. The Board of Director members are appointed to their positions by the Governor and serve as the Governing Body of the agency. Under the direction of Ms. Kim Glazier, Executive Director, the staff of the agency is responsible for the day-to-day activities, which include school of nursing compliance audits and surveys, issuance of nursing licenses to qualified individuals, investigation of complaints of any licensed nurse and ultimately protection of the public for safe nursing practice in Oklahoma.

With as many practice locations for nurses in today's health care and other work place settings, the nurses in Oklahoma have many options in which to find employment. Any new nursing school graduate is highly recruited for the many vacancies that exist in health care facilities. Any competent licensed nurse is able to choose the work setting and hours or days of work with little or no resistance due to the shortage.

Yet, with all of the choices an individual can make today in Oklahoma for employment as a nurse, why is it that some RNs or LPNs fail to see the value in their license? Did you, as a nurse, take your educational preparation serious when you were in school? Do you read your Nursing Practice Act periodically or go on-line and

check to see if any of the State Law has been changed? Are you a member of your professional organization and/or active in nursing peer groups? Do you take continued education seriously and keep up to date on health care changes that can affect your day-to-day practice?

Last month, the Board of Nursing had numerous hearings regarding licensed nurses that had failed to renew their license and continued to work in a “licensed” capacity. It is disturbing that a professional who is responsible for taking care of patients and vulnerable individuals would allow his/her license to expire. It is disturbing that there are licensed nurses that feel that the Board of Nursing should do a better job at finding him/her when a home address has changed. It is disturbing that licensed nurses would not know the year or month that their license expires. When was the last time that you looked at your pocket card that is issued by the Oklahoma Board of Nursing?

I know that each person that has been through nursing school and obtained their nursing license after taking those difficult and dreaded Boards (NCLEX exam) is excited and proud of their accomplishments. The satisfaction that he/she receives upon completing the first step in being authorized to provide care to a patient, client, resident or child is both rewarding and challenging.

The skills that are learned in school are only the first step in gaining the confidence that a nurse has in taking care of people that are in a comprised position. The hard work to get through school is maximized when that first license card arrives in the mail. Yet, for some, the value of obtaining that status of a licensed nurse is diminished or not considered to be serious when renewal time comes.

*(Continued on page 3)*

---

*(Continued from page 2)*

As a professional nurse in Oklahoma for over 20 years, I urge each licensed nurse to take a moment upon receipt of this newsletter and physically view your pocket license card. Relish in the memories of when you first obtained the status of licensed practitioner. Think about the importance you have in making the citizens of Oklahoma feel better when you provide quality patient care. Ponder the significance you have and can make in someone's life when he/she is faced with major health care decisions. Feel good about your contribution to others, as you are the primary care giver in any health care setting and the dependency that those people have on you and your skills is awesome. Make yourself a note as to when your license expires and assist the Board of Nursing in decreasing the number of nurses that must be counseled or have disciplinary action taken based upon their lack of responsibility in renewal of their own license. The process can be both embarrassing and expensive if you allow your license to expire. Your employer may question your abilities and the Board of Nursing is authorized to levy financial fines for disciplinary actions.

I know that we have the most talented and dedicated nurses in Oklahoma and I am proud to be a licensed peer with you. As we start this new year together, take a moment to think about your own responsibilities and the effect you can have on yourself and others that you are around. If your license is to renew this year, take the time to renew through the Oklahoma Board of Nursing website. It is easy and only takes a few moments to complete the application. (By the way, did you know that once again nurses were in the lead as the Board of Nursing was the first State Agency to have on-line renewals available for their constituents?) If you move or change home addresses, take the few minutes to go on-line and change your address or drop a note in the mail to the Board as to change in address. If we all take time for our own responsibilities, then the public can remain confident that Oklahoma has the best nurses in the United States.

---

### **Oklahoma Nurses Serve as Members of NCLEX Item Development Panels**

The National Council of State Boards of Nursing, which is responsible for the development and administration of the licensure examinations for R.N.'s and L.P.N.'s, is dependent on the commitment of nurses throughout the country to maintain high standards for the assessment of nursing competence at the entry level. Each year nurses volunteer their time to serve as members of the NCLEX Item Development Panels, which meet at various times throughout the year. The nurse volunteers must meet the high standards of National Council of State Board of Nursing to be chosen for the panel. If they are selected they are paid for their expenses to participate in the panel which usually lasts 3-5 days.

The Oklahoma Board of Nursing would like to recognize the following Oklahoma nurses who have been selected for an NCLEX Item Development Panel. We would also like to thank the employers of these nurses, who have allowed them the time off that is necessary to be able to participate in this valuable experience.

Patricia Laing-Arie, RN  
Vickie Bouffleur, RN

---

### **REPORTING NURSING PRACTICE INCIDENTS**

You may report nursing practice incidents involving nurses or advanced unlicensed assistive persons to the Oklahoma Board of Nursing through the Board's website at: [www.youroklahoma.com/nursing](http://www.youroklahoma.com/nursing) by downloading the Report of Nursing Practice Incident form and completing the form. You may send the report directly to the Board office without calling to give a verbal report of the incident.

## **Board Votes to Postpone Submitting Legislation on Continuing Qualification For One Year**

---

At its September meeting, the Oklahoma Board of Nursing voted to postpone submitting legislation that would allow the Board to evaluate continuing qualifications for practice as a requirement for licensure renewal until the 2004 legislative session. This decision was based on consideration of current budget cuts impacting state agencies. The cost of implementing any new program is significant, and the Board believes that it will be advantageous to delay incurring this cost for one year.

For several years, the Board has considered options for the evaluation of continuing qualifications for practice. Based on the findings of a Board-appointed Continued Competence Task Force, a Board subcommittee developed a proposal, which was reviewed by the Board in January 2002. This proposal outlines a variety of mechanisms from which nurses would be able to choose to meet requirements for continuing qualifications for practice. These mechanisms include the following:

- Obtaining 5 contact hours (or 15 contact hours if the nurse has not worked in nursing a minimum number of hours in 24 months) of continuing education (CE) focused on the nurse's area of practice. The contact hours could be earned in a variety of ways:
  - Seminars, conferences, and workshops
  - Correspondence study, a journal article, or an online presentation
  - Academic credit
  - Nursing research
  - Publishing a nursing article or book
  - Professional nursing presentations to other health professionals; **or**
- Maintaining nursing specialty certification or recertification; **or**
- Completing a nursing refresher course; **or**
- Successfully passing the licensure examination.

Nurses whose licenses have lapsed or been made inactive would be required to meet additional requirements, which could include completing a nursing refresher course, successfully passing the licensure examination, successfully completing at least seven (7) hours of nursing academic course work, or holding an active license in another state with evidence of continued work experience.

At the January meeting, the Board requested input from Oklahoma nurses on the proposal. In order to provide opportunity for this input, information on the proposal was posted on the Board's website from May through July 2002, with a survey for nurses to complete regarding their support for the proposal, their current activities to maintain continued competence, and the activities most likely to be utilized, if the proposal is implemented. Information was published in the Board's newsletter and other newsletters that are distributed to Oklahoma nurses in order to encourage nurses to review the information and complete the survey.

Completed surveys were received from 365 Oklahoma nurses. Highlights of the findings include the following:

- 83.8% of the respondents are either strongly or somewhat supportive of continued competence requirements for Oklahoma nurses.
- 95.7% of respondents attended at least one seminar, conference, or workshop for continuing education (CE) credits within the last two years.
- Attending a seminar, conference, or workshop for CE credit was the most popular option for meeting the requirement, if such requirements are instituted.
- Cost was the most significant barrier to participation in CE activities.

The Board members and staff look forward to continued dialogue with Oklahoma nurses over the next year, as they continue to work on development of the legislation and the rule changes to enact this proposal.

**Prescriptive Authority  
Change in Supervising Physician**

Advanced practice nurses (ARNP, CNM, CNS) with prescriptive authority are required by Rules of the Oklahoma Nursing Practice Act to submit changes to the written statement between the advanced practice nurse and physician supervising prescriptive authority within thirty days of the change. Failure to do so may result in disciplinary action by the Oklahoma Board of Nursing. The changes must be submitted in writing on the Request Form for Change in Physician Supervising Advanced Practice Prescriptive Authority available from the Board’s website at [www.youroklahoma.com/nursing/pa-2pdg](http://www.youroklahoma.com/nursing/pa-2pdg). If you have any questions, please contact Patrice Greenawalt, RN, MS, in the Board office at 405/962/1800.

**Governor Appoints New Board Member**

Teresa Frazier, RN, MS, Coordinator of Health Occupations at Northeast Technology Center, was appointed in 2002 by Governor Keating to a five-year term on the Oklahoma Board of Nursing.

Ms. Frazier began working for Northeast Technology Center in September 1995. Under her guidance, Northeast piloted the new state practical nursing curriculum which the technology center’s three campuses continue to use. Northeast’s nursing program was also re-accredited by the National League of Nursing Accrediting Commission. Teresa was instrumental in moving the classroom structure away from a lecture-based learning environment to the adult education philosophy of “discovery learning” where students use a variety of techniques to research information, answer modular questions, conduct presentations and work in groups.

**Delegation of Respiratory Care Functions  
By Licensed Nurse to Unlicensed Persons**

In accordance with Attorney General Opinion 98-24, licensed nurses may not delegate respiratory care therapy to unlicensed persons. This ruling applies to delegation of respiratory care therapy by licensed nurses in all work settings, including schools.

The Attorney General stated in the opinion the Respiratory Care Practice Act states “nothing in the Respiratory Care Practice Act shall interfere with the practices of health care personnel who are formally trained and licensed by appropriate agencies of this state [59 O.S. Supp. 1997, §2042 (c)]”. Therefore, while a licensed nurse trained in respiratory care therapy skills may perform these skills, the licensed nurse may not delegate the respiratory care therapy skills to an unlicensed person. The skills which may not be delegated to an unlicensed person include chest physiotherapy, pulse oximetry, aerosol medication administration, and tracheal suctioning.

You may access the web page of the Attorney General to obtain a copy of the Attorney General Opinion at: <http://www.oag.state.ok.us/oagweb.nsf/Opinions!OpenPage>.

You may access the page of the Oklahoma Board of Medical Licensure and Supervision to obtain the Oklahoma Respiratory Care Practice Act at: [www.osbmls.state.ok.us/respiratory/laws.php](http://www.osbmls.state.ok.us/respiratory/laws.php).

The Oklahoma Board of Nursing has also approved guidelines entitled Delegation of Nursing Functions to Unlicensed Persons available from our website at: <http://www.youroklahoma.com/nursing/delegation.pdf>.

**CHANGE OF ADDRESS FORM**

I need to report my change of address to the Oklahoma Board of Nursing:  
Check if 2nd Renewal Application is Requested \_\_\_\_\_

CERTIFICATE NUMBER \_\_\_\_\_ or SOCIAL SECURITY # \_\_\_\_\_

NAME \_\_\_\_\_ SIGNATURE (required) \_\_\_\_\_

NEW ADDRESS \_\_\_\_\_

Send to:	Oklahoma Board of Nursing 2915 N. Classen Blvd, Suite 524 Oklahoma City, OK 73106
Fax to:	(405) 962-1821

In accordance with 485:10-7-9(c) and 10-9-9(c) it is the legal duty of a licensed nurse to notify the Oklahoma Board of Nursing of a change of address in writing within 30 days of the change.

**PEER ASSISTANCE PROGRAM**

The Peer Assistance Program is a voluntary alternative to formal disciplinary action whose purpose is to assist in the rehabilitation of licensed nurses who have abused drugs and/or alcohol. This approach allows the Board to retain control of nursing practice for the protection of the public. Find more information about the program at: [www.youroklahoma.com/nursing/peer3.htm](http://www.youroklahoma.com/nursing/peer3.htm)

Facts about the nurses who have participated in the program:

- 71% have been Registered Nurses and 29% Licensed Practical Nurses
- 77 % were female and 23% male
- 82% were still abstinent after one year
- 54% have voluntarily entered the program without Board action
- Only 16% of those discharged for successful completion have been identified with further substance related problems after discharge.
- Meperidine and hydrocodone are still the top drugs of abuse by the nurses entering the program

If you have a drug or alcohol problem and would like assistance or information, please call the program office at (405) 525-2277. Hours are 8:00 a.m. to 4:30 p.m. weekdays. All inquiries are confidential.

**Peer Assistance Committees**

The Board of Nursing appoints Peer Assistance Committees with the responsibility to determine licensee’s acceptance into the program, develop the participant contract, monitor progress and compliance, determine successful completion or termination for noncompliance, and report terminations to the Board. Members of the committee are appointed for a three-

year term and serve voluntarily. The following persons are currently serving on the Peer Assistance Committees:

- Deborah Barrett, RN
- Joanne Jackson, RN
- Dee Ann Bohl, LPN, LMFT, CADC
- Jackie Jordan, CADC
- Bradd Buchalla, RN
- Donna Keller, LPN
- Fran Buskey, RN
- Cindy Lyons, RN
- Susanne Cannon, MHR, CADC
- Robert Mann, RN
- Terri Chapman, RN, CARN
- Terrie Mills, RN, LPC
- Janet Crupper, RN
- Jayne Oertle, RN-C, CARN
- Joanne Dobler, RN
- Kristina Olsen, RN-C
- Shirley Garrett, LPN
- Betty Reynolds, RN-C
- Bettina Hilton-Mills, RN
- Becky Smith, RN-MAC, CDC
- Jody Huckabee, RN
- Priscilla Turner, RN

The program extends its sincere appreciation to these individuals who so generously give their time and expertise. If you have expertise/experience with chemical dependency and have an interest in serving on the Peer Assistance Committee, please contact:

Laura Clarkson, Program Coordinator  
(405) 525-2277

**OKLAHOMA BOARD OF NURSING PRACTICE ACT & RULES**

Mail To : \_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_

Enclosed is my personal check, cashier’s check or money order payable to the Oklahoma Board of Nursing in the amount of \_\_\_\_\_ for copy/copies at a cost of \$10.00 each for the Oklahoma Nursing Practice Act & Rules.

Please return this form with payment to: Oklahoma Board of Nursing, 2915 N. Classen Blvd., Suite 524, OKC, OK 73106

---

## Summary of Board Activities

During the **May 2002** meeting, the Board:

- Approved the recommendations for revision of the Inclusionary Formulary from the CRNA Formulary Advisory Committee
- Approved a letter of response to National Council of State Boards of Nursing regarding the APRN draft compact language and unanimously opposed the APRN draft compact language
- Appointed Susan Dresser, RN, CNS, to the Advanced Practice Advisory Committee
- Approved the “IV Medication Administration by LPN’s Statement”
- Reappointed Bettina Hilton Mills, RN, and Jackie Jordan, CADC, to the Peer Assistance Committee
- Approved revisions to the Priority System Guideline
- Accepted the reports of Survey Visits and granted continued full approval to the following nursing education programs: Indian Capital Technology Center – Sallisaw, Muskogee, Tahlequah, and Stilwell campuses, and Eastern Oklahoma State College – Wilburton, McAlester, and Idabel campuses
- Approved the curriculum change for the University of Oklahoma College of Nursing Generic Master’s Track program
- Approved the request of Northern Oklahoma College, Tonkawa, for an extended campus program in Stillwater
- Accepted the progress report from DeMarge College, Oklahoma City and the program is to continue on full approval status pending the outcome of a focus survey visit scheduled for fall 2002
- Approved the formation of a task force to address the state’s NCLEX pass rate

During the **July 2002** meeting, the Board:

- Approved the Board meeting dates for calendar year 2003
- Approved the following:
  - Guidelines for the Registered Nurse Performing Limited Ultrasound
  - Guidelines for Nursing Education Programs Offering Non-traditional Learning Options
  - Discipline Guidelines
- Reviewed the Guidelines for Licensed Nurses in Wound Debridement
- Appointed Bobbie Reilley-Schmidt, RN, ARNP, to the Advanced Practice Advisory Committee
- Appointed Donna Keller, LPN, to the Peer Assistance Committee
- Accepted the Peer Assistance Program FY2002 Annual Report
- Accepted the reports of Survey Visits and granted continued full approval to the following nursing education programs: Southwest Technology Center, Altus, and Gordon Cooper Technology Center, Shawnee
- Accepted NCLEX pass rate reports from the following nursing education programs:
  - DeMarge College, Oklahoma City
  - Green Country Technology Center, Okmulgee
  - Western Technology Center, Burns Flat
  - High Plains Technology Center, Woodward
  - Moore Norman Technology Center, Norman
  - Murray State College, Tishomingo
  - Northeastern Oklahoma A&M College, Miami
  - Eastern Oklahoma State College, Wilburton and McAlester
  - Langston University, Langston
  - Southern Nazarene University, Bethany
- Approved the participation in the on-line and telephone NCLEX results service with NCS-Pearson
- Approved the curriculum change for Mid-Del Technology Center, Midwest City

During the **September 2002** meeting, the Board:

- Accepted the Oklahoma State Auditor and Inspector Internal Control Report for the Fiscal Year ended June 30, 2001
- Approved the FY2004-FY2008 Strategic Plan and Budget Request proposal
- Approved the HIPDB Data Reporting Agent Agreement with National Council of State Boards of Nursing, Inc.

(Continued on page 8)

(Continued from page 7)

- Approved the appointments of Leanna Harkess, CNM, Melissa Carter, CNM, Lavonna Sanders, CRNA and Elizabeth Schultz, CRNA, to the Advanced Practice Advisory Committee
- Approved the Exclusionary Formulary without revisions as recommended by the Formulary Advisory Committee
- Adopted and submitted to the Governor and Legislature for approval the emergency rule changes to OAC Title 485:10-1-8(c)(1)
- Appointed Terrie Mills, RN, LPC, and Shirley Page Garrett, LPN, to the Peer Assistance Committee
- Accepted the FY2002 Investigation/Discipline Statistics
- Rescinded the following:
  - Endorsement Applicants with History of Disciplinary Action in Another Jurisdiction
  - Procedure for Reinstatement, Recognition or Certificate
  - Release of Lists of Nurse Licensees to the Military
- Accepted the Annual Reports of Nursing Education Programs
- Accepted the Survey Visit report and granted continued full approval to the nursing education program at Wes Watkins Technology Center, Wetumka
- Approved the following requests from the nursing education program at Tulsa Technology Center, Tulsa:
  - Offer an extended campus at St. John's Medical Center, Tulsa
  - Offer an extended campus at Hillcrest Medical Center, Tulsa
  - Offer a second class at St. Francis Hospital, Tulsa
- Approved Platt College's request to offer a third class at Tulsa
- Approved the recommendation from the AUAP Advisory Committee to delete the medication administration training module

### **Non-Compliance With State Income Tax Laws**

In accordance with Oklahoma Statutes 68 § 238.1, persons holding professional licenses in the State of Oklahoma, who are not in compliance with State income tax laws will not be eligible for licensure renewal. The Oklahoma Tax Commission is required to notify the licensee of the inability to verify the licensee's State income tax compliance. If the licensee fails to verify compliance with the tax laws, the Oklahoma Tax Commission will notify the licensing agency of the licensee's non-compliance with State income tax laws. Once the Oklahoma Board of Nursing has been notified by the Oklahoma Tax Commission of a licensee's non-compliance with State income tax laws, the Oklahoma Board of Nursing will not renew the license. Also, after notification from the Oklahoma Tax Commission of a licensee's non-compliance with State income tax laws, the Oklahoma Board of

**Nurses must be  
in Compliance  
with State Income  
Tax Laws to  
Renew their  
Licenses**

Nursing **must** receive written notification from the Oklahoma Tax Commission of the licensee's compliance with State income tax laws prior to renewing the license. Do not submit income tax information or tax filing forms to the Oklahoma Board of Nursing.

If you have received notice of State income tax non-compliance from the Oklahoma Tax Commission or if you have questions concerning State income tax laws, contact the Oklahoma Tax Commission's Professional Licensing Unit at 405/522-6800.

For information concerning licensure renewal, contact the Oklahoma Board of Nursing at 405/962-1800.

**OKLAHOMA BOARD OF NURSING**

**(405) 962-1800**

**IV Medication Administration by LPN's Statement**

"Are LPN's authorized to administer IV medications?" is a question often referred to the Oklahoma Board of Nursing. While IV therapy/medication administration is not prohibited by the Oklahoma Nursing Practice Act, the following issues must be considered: training of the LPN, appropriate delegation and supervision of the LPN, and assessment of the patient.

The Oklahoma Nursing Practice Act includes in the definition of the "practice of nursing" the "administration of medications and treatments prescribed by any person authorized by state law to so prescribe." Therefore, IV therapy and medication administration may be within the scope of practice of the LPN who has appropriate educational training and under supervision.

What is appropriate training? The practicing LPN may not have been trained in IV therapy during her/his basic nursing educational program. Currently in Oklahoma, IV therapy is part of most LPN educational programs, but this has not been true for all programs in the past. Appropriate training may include training by the employer, and should be documented and maintained in the employee file. The Oklahoma Board of Nursing does not approve IV certification courses. Therefore, a licensee who advises an employer that they are IV certified may or may not have been trained as part of the certification process to perform the specific skills that the employer is requiring. The employer should verify the content of the IV certification course and also have a method to verify competency of the LPN in performing the skills required by the employer.

The LPN functions under the supervision or direction of a Registered Nurse, licensed physician or dentist. The supervising individual has responsibility to appropriately delegate tasks and skills to a qualified person working under the nurse's direction. Therefore, the RN delegating IV therapy/medication administration to an LPN working under the RN's supervision must be able to verify that the LPN has been trained and is competent to perform the skill. Additionally, the individual delegating IV therapy to the LPN has responsibility to adequately supervise the LPN. The term "supervising" is defined in the Rules of the Oklahoma Nursing Practice Act as providing guidance for accomplishing the nursing task or activity, with initial direction of the task or activity and period inspection of the actual act of accomplishing a task or activity. Lastly, the responsibility of the assessment and analysis of the assessment data to determine nursing care needs is the responsibility of the RN. The RN delegating IV medication administration to the LPN must be available to assess the patient and to analyze assessment data, as required. Availability of the RN for assessment must be considered by the RN delegating IV therapy to the LPN, such as in home health or hospice, where the RN is not usually immediately available.

Policies and procedures addressing IV therapy/medication administration must be written and available to the LPN. The LPN's job description should include IV therapy/medication administration if this is a required skill for the nursing position. The employer should have a mechanism for training and routine competency evaluation for these skills.

You may also wish to refer to the Board's document entitled "Decision Making Model for Determining RN/LPN Scope of Practice—Model for Scope of Practice Nursing Decision" which may be accessed on the Board's web-site at [www.youroklahoma.com/nursing](http://www.youroklahoma.com/nursing).

## Open Meeting Notice

All Oklahoma Board of Nursing Meetings are open to the public except those portions which may be in Executive Session. The first day of Board meeting begins at 5:30 p.m., with the second and third day beginning at 8:30 a.m. All actions of the Board are taken in open session. Nurses, members of other professional disciplines, students and the public are invited to attend. Groups who plan to attend should schedule their attendance in advance with the Board office to ensure seating is available.

There is an Open Forum on the first day of each Board meeting. Anyone wishing to address the Board about a nursing issue should contact Kim Glazier, Executive Director, requesting to be placed on the agenda for the Open Forum.

Committee meetings are also open to the public. Please call ahead of time if you plan to attend as dates, times, and location may change. The committee meetings are cancelled and rescheduled if it is determined a quorum will not be present.
