

Instructions for Requesting Reasonable Accommodations for NCLEX

REQUESTING REASONABLE ACCOMMODATIONS

In compliance with the Americans with Disabilities Act (ADA), the Oklahoma Board of Nursing provides reasonable accommodations for candidates with disabilities that may interfere with their performance on the National Council Licensure Examination for Registered Nurses (NCLEX-RN®) and/or Licensed Practical Nurses (NCLEX-PN®). If you are requesting reasonable accommodations for testing, please upload the attached “Request for Reasonable Accommodations for NCLEX” form and associated documents noted below.

DOCUMENTATION REQUIRED

Candidates requesting reasonable accommodations must upload the following documentation to support the request:

1. A completed “Request for Reasonable Accommodations for NCLEX” form.
2. A letter of diagnosis provided within the last three years and supporting documentation completed by an appropriate medical professional with expertise in the areas of the diagnosed disability. Documentation of the disability should include:
 - a. A professionally recognized diagnosis;
 - b. A history of the disability and any past accommodations granted to the candidate and a description of its impact on the individual’s functioning;
 - c. Identification of the specific standardized and professionally recognized tests/assessments given;
 - d. The scores resulting from testing, interpretation of the scores and evaluations; and
 - e. Recommendations for testing accommodations with a stated rationale as to why the requested accommodation is necessary and appropriate for the diagnosed disability.
3. A letter from the director of the nursing education program that identifies accommodations that were made for the candidate while in the program.
4. If any of the required information is missing, the Licensing Manager or designated professional staff will notify the candidate, through the Message Center in the Nurse Portal account the missing required information.

TIME FRAME

You should upload the above required documents through your Nurse Portal account during submission of your online application for licensure. If there is a need for further verification of your disability and/or the need for accommodation, it is possible that the decision on granting the accommodation will be delayed and consequently the date when you can take the examination.

Once the request is received together with all other required documentation, the Board will process the request and notify you of the decision.

If you have any questions, please contact the Licensing Manager via the Message Center in your Nurse Portal account, Darcy.Hammond@nursing.ok.gov or at (405) 962-1803.
