EXCLUSIONARY FORMULARY FOR ADVANCED PRACTICE REGISTERED NURSES
WITH PRESCRIPTIVE AUTHORITY

The Advanced Practice Registered Nurse (Certified Nurse Practitioner, Clinical Nurse Specialist and Certified Nurse Midwife) in accordance with Oklahoma Nursing Practice Act, may prescribe medications that are within the Advanced Practice Registered Nurse’s scope of practice, under the medical direction of a supervising physician and an Exclusionary Formulary. The Exclusionary Formulary lists medications or categories of medications that shall not be prescribed by the Advanced Practice Registered Nurse with deemed prescriptive authority through the Board. This authorization shall not include dispensing drugs, but shall not preclude, subject to federal regulations, the receipt of, the signing for, or the dispensing of professional samples to patients, in accordance with the Advanced Practice Registered Nurse’s scope of practice. The Advanced Practice Registered Nurse with prescriptive authority shall prescribe no more than a 30-day supply for Schedule III-V drugs. **All Schedule I and II Controlled Dangerous Substances cannot be prescribed by the Advanced Practice Registered Nurse with prescriptive authority. [63 O.S. § 2-312.C]**

Reference for the Exclusionary Formulary for Classification Purposes: *American Hospital Formulary Service Drug Information Book (current)*
